

## IT'S TIME TO **REDISCOVER ALTRO**

### **ALTRO PRODUCTS SOLVE MAINTENANCE WOES AT CAMPBELLTOWN HOSPITAL REDUCING COSTS OF UP TO \$10,000.00 PER MONTH!**

Maintenance issues are no surprise when it comes to healthcare environments often costing hospitals thousands of dollars per month to keep up with. Damage to walls is a continual issue in this environment, often caused by heavy machinery, equipment, beds and the general amount of traffic such an environment can face.

Campbelltown hospital had already started using Altro products for over five years in their back of house locations with great success. They decided to bring the products out to the front of house during some recent refurbishments.

Here's what Peter Martin from the Engineering Team had to say: "The Engineering team at Campbelltown, Camden and Bowral hospitals are responsible for the maintenance of all buildings grounds and services infrastructure across the three campuses. Repairs to damaged walls was costing us up to \$10,000.00 per month, we implemented a program of Whiterock installation initially in back of house areas that were subject to heavy impact damage from the movement of goods throughout the hospital. To date we have installed over 2000 sheets, our costs have reduced to almost zero for damage repairs in the areas covered by the Whiterock installation..."

#### PRODUCTS USED:

Altro Aquarius™  
Altro Whiterock White™  
Altro Whiterock Chameleon™

"We have since started to clad public corridors the operating theatres and ward areas including bedrooms, bed head areas and bathrooms. we have recently undertaken a project to renovate 43 bathrooms in ward areas using both Altro Whiterock and floor vinyl. We have also been using Whiterock in our bathroom renovations to replace both vinyl and tiled walls, the smooth surface and joint free nature of Whiterock has improved the look and reduced the time needed to clean, saving money and reducing the risk of infection."
